Quality Field Grown Conifers, Broadleaves, Ornamentals

We would like to thank you, our customers, for your past business! At Hari Nursery, we have meticulously worked on our plants. Our practice of pruning and shaping promotes fullness and a larger caliper plant. We feel that customers get high quality plants for a good value. We encourage you to visit our nursery and see for yourself. If you are interested or have inquiries please contact us.

Thank you - Hari Nursery - Richard (Rick), Julie, and Austin Hari

www.harinursery.com

Please visit our web site for our latest availability and specials. To ensure that our wholesale pricing is not easily accessible to your retail customers, we have protected the 'Availability with Prices' with a user name and password. Please contact our sales representatives or Hari Nursery for the user name and password so that you may access our 'Availability with Prices' at any time. You may also print out the availability list easily from your own computer so that you can have a paper copy.

Credit Application

If you would like to establish credit with us, you may obtain a credit application from our web site at: www.harinursery.com. After clicking on the "Terms" tab, you can click "Credit Application". You may print this out, fill it out, and then email or fax back to Hari Nursery.

Pictures of Plants

You can view pictures of our plants by clicking the Photo link in our web site. Our dedication to meticulous pruning and well maintained plants should be apparent when you view our pictures. We feel it will be evident, that you will notice the straight leaders, fullness of plants, and overall cleanliness of our nursery.

Wire Baskets

Most of the Cedrus Deodara and Cedrus Atlantica varieties 7-8' and larger are supplied with a wire basket with no extra charge. If you would like wire baskets on any other plants, there is an additional \$9.00 charge for the basket and the labor to put these on.

Containerizing Balled & Burlaped Plants

We offer containerizing of some of our balled and burlaped plants, up to the 25 gallon size. If a root ball is larger than the 25 gallon container size, we will ship it as balled and burlaped only. Be aware that shipping of containerized plants can take up to 30% more space on a truck compared to balled and burlaped plants. This is the charge to containerize plants:

10 Gallon Container- \$ 22.00
15 Gallon Container- \$ 25.00
20 Gallon Container- \$ 28.00
25 Gallon Container- \$ 33.00

Deer Resistant

D = Plants with this letter in our catalog are known to be deer resistant.

Plant Zones

Zone	Temp. Range	Zone	Temp. Range
Zone 1	Below -50° F	Zone 6	-10° to 0° F
Zone 2	-50° to -40° F	Zone 7	0° to 10° F
Zone 3	-40° to -30° F	Zone 8	10° to 20° F
Zone 4	-30° to -20° F	Zone 9	20° to 30° F
Zone 5	-20° to -10° F	Zone 10	30° to 40° F

2026 - 2027 HARI NURSERY - TERMS AND CONDITIONS

All orders are based on the understanding that the purchaser agrees to the terms and conditions as stated below.

ORDERS: We make a strong effort to fill all orders that we acknowledge. The availability of plants is subject to crop failure or crop shortages beyond our control. All orders will be acknowledged based upon estimates in the field. Hari Nursery offers no warranty, expressed or implied, as to the productivity or survivability of any plant offered for sale.

ORDER DEADLINE FOR SPRING ORDERS: Orders should be sent in by October 31st or earlier. We start allocating orders after this date. Please contact us if you have a special circumstance.

FALL SHIPPING: Early fall orders can be difficult for us, because of the watering requirement for digging, and also the timing of our field planting. Usually, we cannot do any digging until October. Also, some plants need to be hardened off from a frost or need to become dormant before we can dig. Please contact us if you have any questions.

FALL SHIPPING ON SHORT SUPPLY PLANTS: For fall orders, and for short supply plants, we can ship fall orders, based upon what was shipped the previous season. For example, if 20 Picea Pungens Fat Albert 6-7' were shipped last season (spring and / or fall), and if now 20 Picea Pungens Fat Albert 6-7' are placed again for new fall shipping, we will try to supply 20 Fat Albert 6-7' again for the fall season (if we have these plants available). It can be decided to take these plants in the fall or spring, but the total number will not be more than what they received the previous season, which in this case is 20 plants. In other words, the quantity of 20 cannot be increased if placing a spring order along with the fall order. Again, this is only for short supply plants. For plants with adequate quantity, we can ship numbers in the late fall and spring.

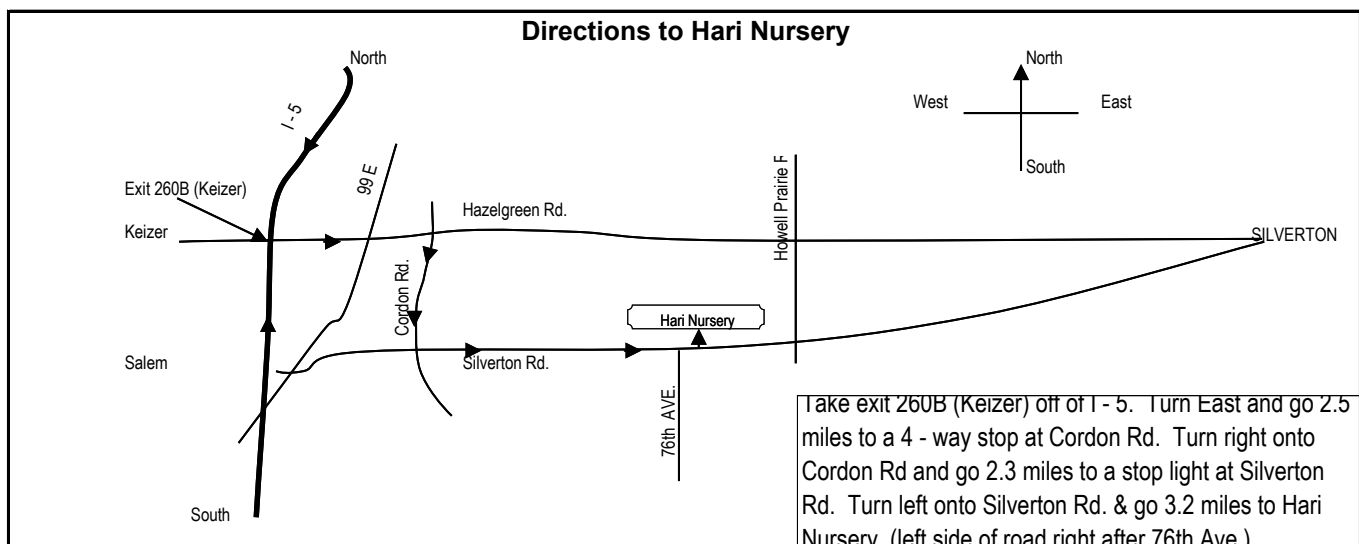

CANCELLATIONS, ORDER CHANGES: Spring orders must be picked up by May 1st, unless prior arrangements and payments have been made. Cancellations on Spring orders must be submitted in writing and received by January 1st of the shipping year. Orders of late cancellations are often already dug and healed in sawdust ready for shipment. If cancellations are not made in advance, and the material has been dug, the customer will be liable for the order. A 20% cancellation fee may be assessed for orders not taken on the agreed upon date. For orders placed after January 1, cancellations are to be no later than 30 days prior to requested ship date.

SUBSTITUTIONS: Due to seasonal growing conditions beyond our control it is our normal practice to substitute one full grade lower or higher at prevailing prices to fill an order without prior customer notification. Customers requesting no substitutions should indicate this on their order.

PAYEMENT TERMS: All sales are cash in advance or cash upon pickup. For customers with established credit, payment terms are net 30 days. A finance charge of 1 1/2% per month (18% annually) may be assessed on past due accounts.

PRICES: This is a wholesale listing and is intended for those licensed and engaged in buying and selling nursery products. This price list replaces all previous price lists. Prices are FOB, Hari Nursery, Salem, Oregon, and are subject to change without notice.

CLAIMS: We extend our best efforts toward proper labeling and grading, but will in no case be held responsible in excess of purchase price of the plants. Claims for shortages of unsatisfactory material or damage must be made in writing within **five (5) days upon receipt of the material** and be accompanied by a signed receipt from the delivering carrier. **Claims must be accompanied by three pictures.** At least one picture should show a close up picture of the problem. At least one picture should show the entire plant, including the root ball or container of the plant. All unsatisfactory goods must be held for our advice or disposition. Any freight claims (material damaged in transit or shortages) must be reported on the Bill of Lading and submitted to the carrier. A copy must be submitted immediately to Hari Nursery. Liability in all instances is limited to the purchase price.

Containerizing Balled & Burlapped Plants

If you would like to receive your plants in containers, we offer containerizing of some of our plants. Please contact us or our sales representatives if you are interested in having your plants containerized.

This is the process involved in containerizing: We dig the plant and put treated burlap around the root ball, securing the burlap to the rootball with twine. We then place the ball of the plant into a container and fill with Bark, ready for shipment.

10 Gallon Container- \$ 22.00

15 Gallon Container- \$ 25.00

20 Gallon Container- \$ 28.00

25 Gallon Container- \$ 33.00

Wire Basket - Most of the Cedrus Deodara and Cedrus Atlantica varieties 7-8' and larger are supplied with a wire basket with no extra charge. If you would like wire baskets on any other plants, there is an additional \$9.00 charge for the basket and the labor to put these on.

D = Deer Resistant
